## WINES

“Watch nature, because it is your greatest teacher. It moves and flows and moves on again. There is an incredible beauty out there in the mountains, in the forests, to teach you its silence, its beauty, its humility. Stay aligned to that.” - Stuart Wilde

The vintage of 2017 saw the stars aligning to near perfection. The last time I experienced this was in 1997. Weather conditions building up to the harvest were characterized by moderate temperatures, cool summer breezes from the south west, average rainfall, low fungal disease pressure and prolonged ripening processes. This culminated in grapes with perfect synchronization of sugar development, acid status, varietal flavours and mature, silky tannins.

The 2017 First Verse is a deceptive wine. Underlying the elegance, restraint and harmony is a core of focus, power and volume with textural precision. The purity of fruit is supported by subtle and seductive French Oak aromas with tannins polished to a fine-grained texture.

The 2017 First Verse is bound to add value to the Keet brand and its perceived value as an 'investment wine', as endorsed by its recent performance at the Strauss & Co Wine Auction in May 2020. See [here](#) for details.

In recognition of your loyal support I am offering a pre-release discount of 10% to my members list, valid until 12 July 2020. Order [online](#) to qualify for this discount and remember to use this coupon code: **FirstVerse17**

Kind regards,

Chris
